EMPOWERING MINDS, SHAPING FUTURE

About Us

The CAG School, was established in 1893, by a great philanthropist educationalist and a visionary Sri Tribhuvan Das Hirachand Kothari fondly called as Bapa. The School has come a long way since then. Over the years, the school has transformed from having students exclusively from Gujarati community to all communities in view of the dwindling Gujarati population in Kolkata.

The school has been graced and blessed by so many eminent personalities like Mahatma Gandhi - the Father of the Nation, the then Prime Minister Sri. Morarji Desai, Sri.Viren J.Shah – Former Governor of West Bengal and Noble Laureate Mother Teresa etc. Their presence and wishes have sanctified this age old institution. The institution is dedicated to overall grooming and development of the students irrespective of caste and creed.

The school has had its own Scouts and Guides Group which is its prominent part till date. Our school takes pride in having won the President Award for best scout for three consecutive years. The unique location of our school is another factor that has maintained a constant popularity.

The school is now well equipped with modern amenities like air conditioned Computer Lab, AI & Robotics lab, Assembly Hall and Smart Class rooms etc. The school is also ISO 9001-2015 certified which has enhanced its esteem further.

The School is having lot of extracurricular activities like Karate, Dance, Communications, Debate, Quiz, Coding etc. which helps our students to add values and grow in all the dimensions.

❖ Our Aims & Objectives

The CAG school strives to provide education founded on excellence and aims to create a wide range of opportunities for the all-round development of students. The School instils the spirit of creativity and ingenuity in its pupils. Teaching here goes beyond the curriculum to sow the seeds of social commitment in students. Moral values, as well as leadership qualities, are taught so that CAG-ians leave a mark on the human race as worthy and responsible citizens.

⌘ Our Amenities

01 State of the Art Library, Computer and Geography Lab

Explore, discover, and innovate in our world-class labs and library designed to fuel curiosity and academic excellence.

02 A.I. Equipped Classrooms

Harnessing the power of Artificial Intelligence to create dynamic, adaptive, and student-centered learning experiences.

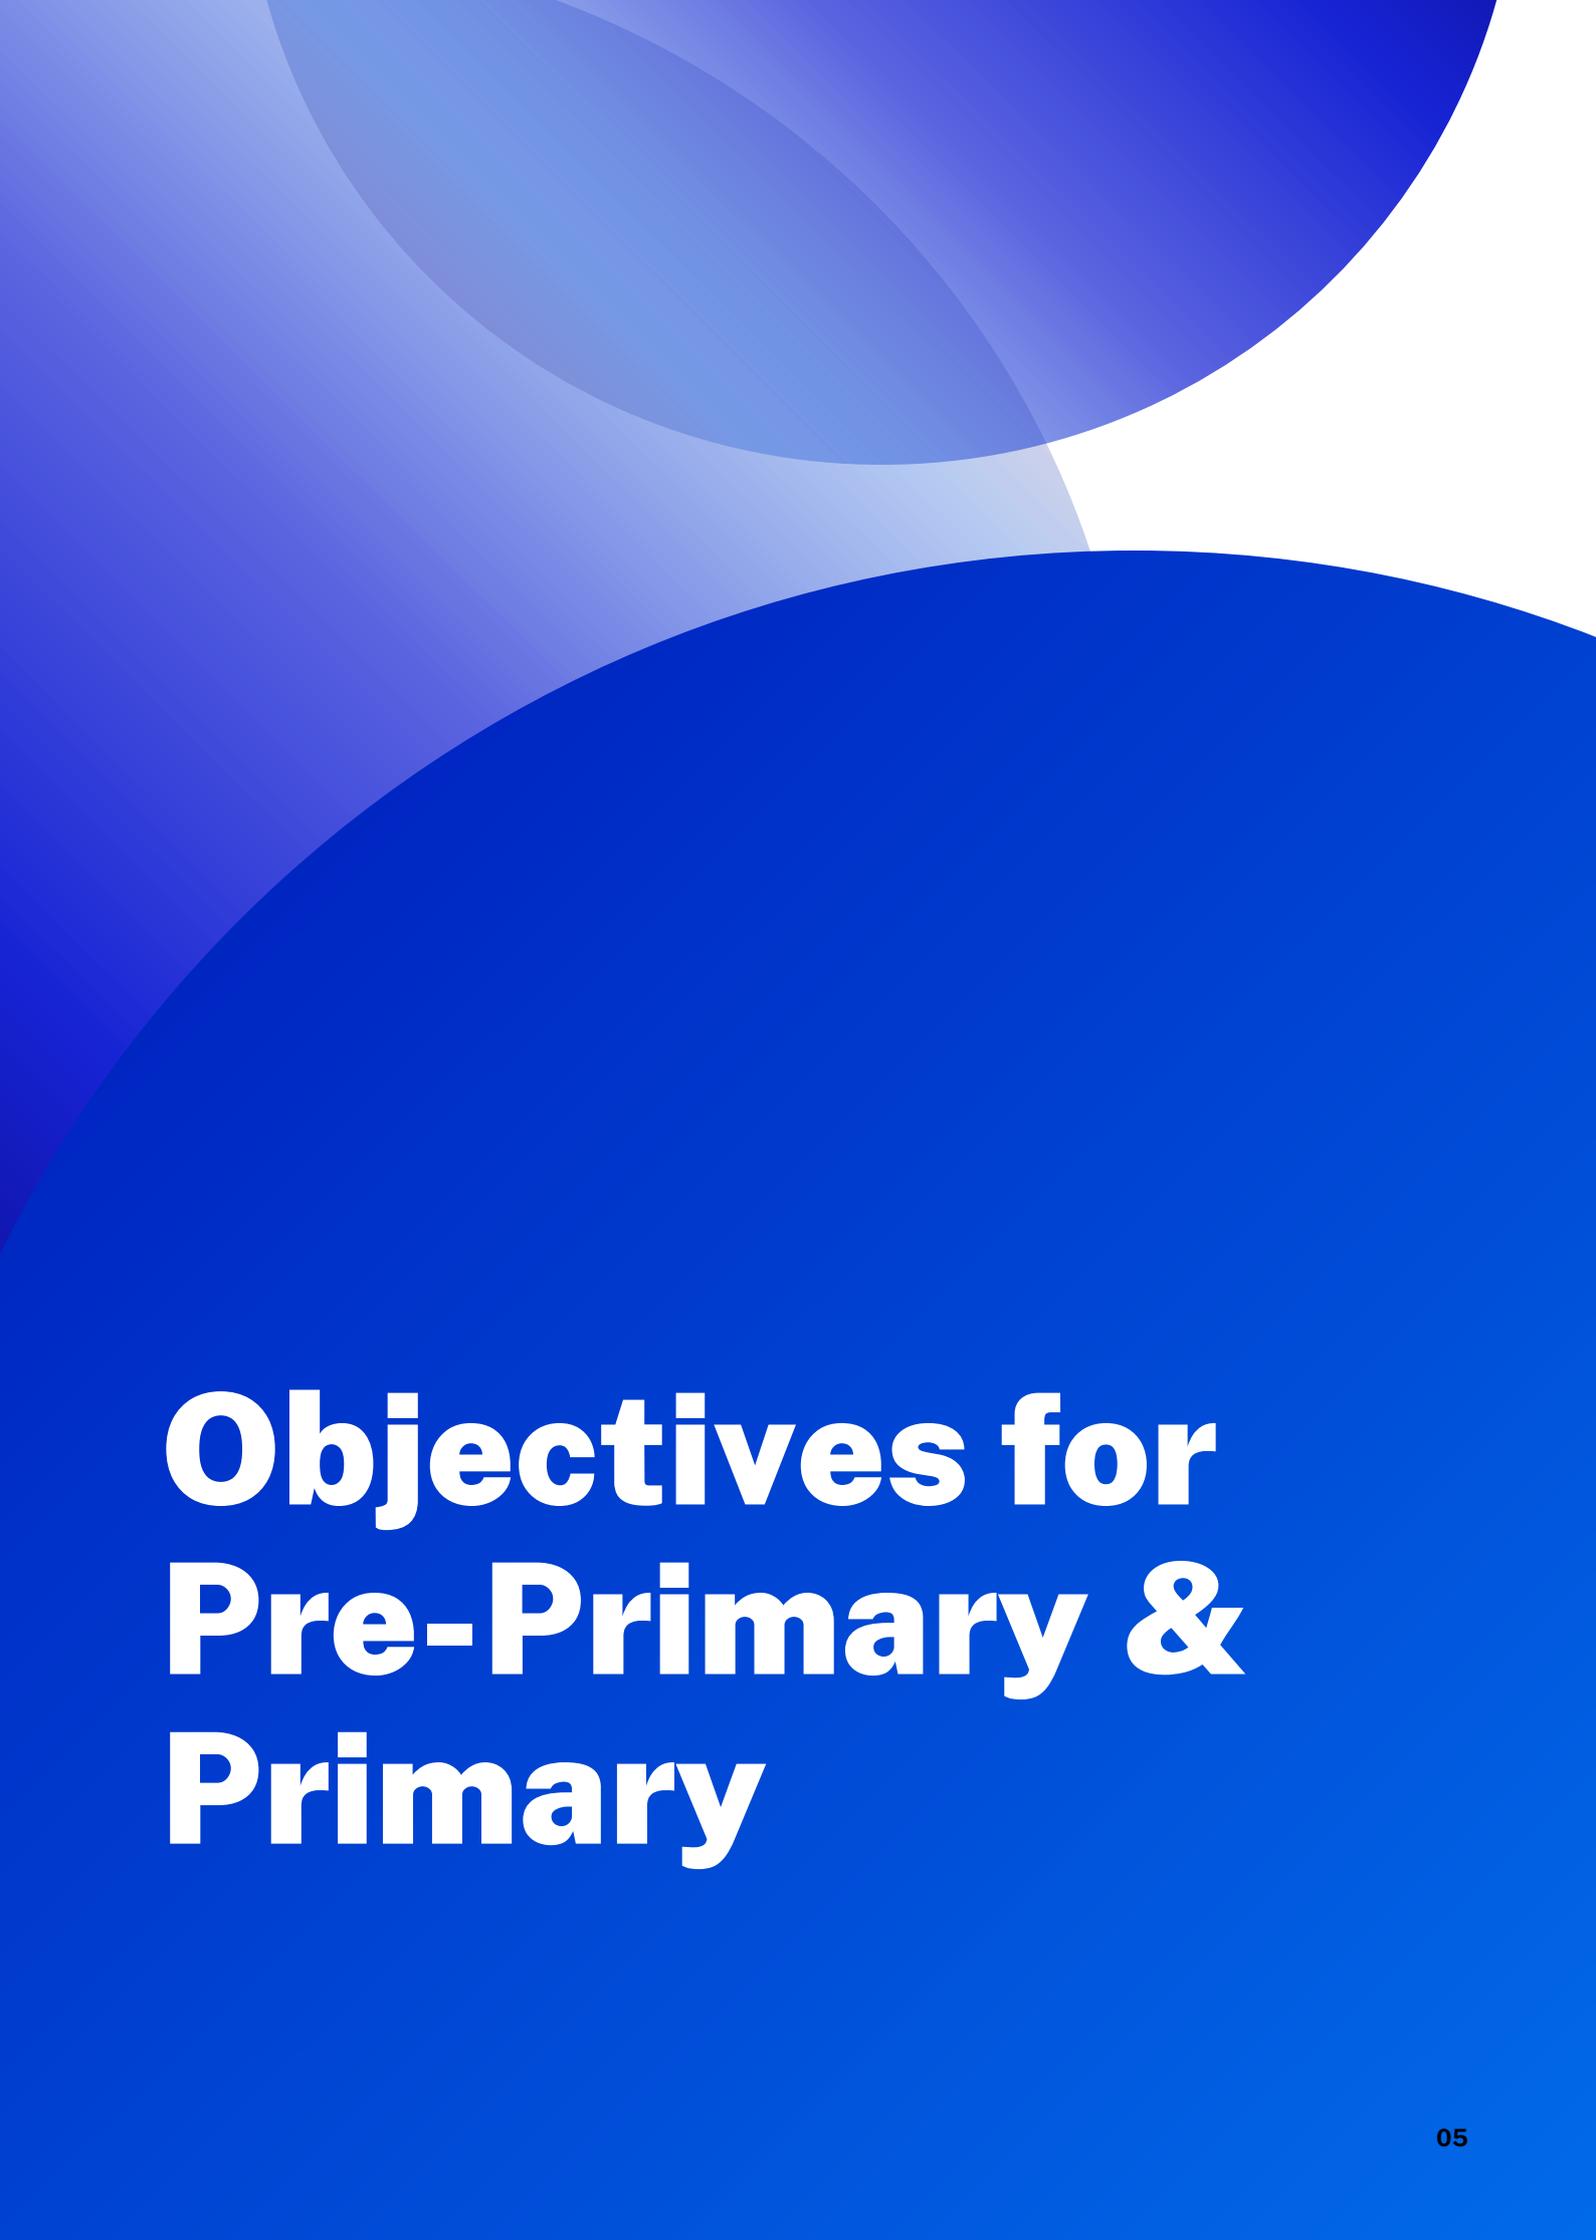

03 Interactive Panel Classrooms

Where learning comes alive — interactive smart panels transform teaching into an engaging, two-way experience.

04 Karate Classes

Building discipline, confidence, and self-defense skills through structured martial arts training.

The background features a large, solid blue circle at the bottom. Above it, there are several overlapping, semi-transparent blue circles of varying shades, creating a layered, abstract effect. The top right corner is white.

Objectives for Pre-Primary & Primary

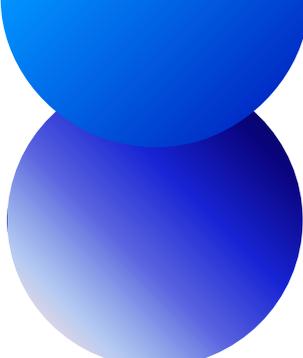

🔗 Objectives of Pre-Primary (Nursery, LKG, UKG)

- **Holistic Development-** To nurture the physical, emotional, social, and cognitive development of every child.
- **Learning Through Play-** To create a joyful and stimulating environment where learning happens naturally through play, exploration, and discovery.
- **Language & Communication Skills-** To develop listening, speaking, and early literacy skills through stories, songs, and conversations.
- **Motor Skill Enhancement-** To improve fine and gross motor skills through activities like drawing, dancing and outdoor play.
- **Social Behaviour & Values-** To encourage sharing, cooperation, and empathy through group activities and classroom routines.
- **School Readiness-** To prepare children for a smooth transition to formal schooling by building confidence, routine, and curiosity.

🔗 Objectives of Primary (Class I-V)

- **Foundational Learning-** To strengthen the basics of literacy, numeracy, and general awareness in a structured yet creative manner.
- **Skill Development-** To enhance problem-solving, reasoning, and critical thinking abilities in daily classroom activities.
- **Language Mastery-** To develop effective reading, writing, and communication skills in English and other regional languages.
- **Value Education-** To inculcate moral values, respect for others, and responsibility through stories, activities, and behaviour modelling.
- **Creativity & Expression-** To encourage creativity in art, music, and drama as expressions of individual talent.
- **Healthy Living-** To promote physical health, hygiene, and awareness of a balanced lifestyle through physical education and wellness programs.
- **Environmental Awareness-** To foster love and care for nature and an understanding of environmental conservation from an early age.
